Throughout the twentieth and into the twenty-first century, writers of American, Caribbean, and African descent were no exception. Paris, Capital of the Black Atlantic considers the travels made to Paris—whether literally or imaginatively—by black writers. These collected essays explore the transatlantic circulation of ideas, texts, and objects to which such travels to Paris contributed. Editors Jeremy Braddock and Jonathan P. Eburne expand upon an acclaimed special issue of the journal *Modern Fiction Studies* with four new essays and a revised introduction. Beginning with W. E. B. Du Bois’s trip to Paris in 1900 and ending with the contemporary state of diasporic letters in the French capital, this collection embraces theoretical close readings, materialist intellectual studies of networks, comparative essays, and writings at the intersection of literary and visual studies. Paris, Capital of the Black Atlantic is unique both in its focus on literary fiction as a formal and sociological category and in the range of examples it brings to bear on the question of Paris as an imaginary capital of diasporic consciousness. “Demonstrate[s] how Black writers

shaped history and contributed to conflicting notions of modernity hosted in Paris . . . The wide range of writers and scholars from American and Francophone studies makes this collection very original and an exciting adventure in concepts, movements, and ideologies that could be acceptable to non-specialists as well.” —American Studies

In the summer of 1959, most of the town of Braddock, Pennsylvania---along with half a million steel workers around the country---went on strike in the longest labor stoppage in American history. With no paychecks coming in, the families of Braddock looked to its football team for inspiration. The Braddock Tigers had played for five amazing seasons, a total of 45 games, without a single loss. Heading into the fall of '59, this team from just outside Pittsburgh, whose games members of the Steelers would drop by to watch, needed just eight victories to break the national record for consecutive wins. Sports Illustrated and other media descended upon the banks of the Monongahela River to profile the team and its revered head coach, future Hall of Famer Chuck Klausung, who molded his boys into winners while helping to effect the racial integration of his squad. While the townspeople bet their last dollars on the Tigers, young black players like Ray Henderson hoped that the record would be a ticket to college and spare them from life in the mills alongside their fathers. In *Striking Gridiron*, author Greg Nichols recounts every detail of Braddock's incredible sixth, undefeated season---from the brutal weeks of summer training camp to the season's final play that defined the team's legacy. In the words of Klausung himself, "Greg Nichols couldn't have written it better if he'd been on the sidelines with us." But even more than the story of a triumphant season, Nichols's narrative is an intimate chronicle of small-town America during the hardest of times.

Striking Gridiron takes us from the sidelines and stands on game day into the school hallways, onto the street corners, and into the very homes of Braddock to reveal a beleaguered blue-collar town from a bygone era---and the striking workers whose strength was mirrored by the football heroics of steel-town boys on Friday nights and Saturday afternoons. An honest guide to depression and anxiety, from rock bottom to recovery, from someone who has been through it and come out the other side. Everything Begins with Asking for Help is a frank, insightful and thought-provoking book on mental health, drawing on the author's own experience of a severe mental breakdown and sharing the recovery tools he has developed in partnership with various medical professionals and mental health experts. Kevin shares his own story to give the book a vital human element, explaining how his fast-paced life in Berlin as a successful magazine journalist was brought to a sudden halt by a major depressive episode. In this dark time, Kevin reached out to friends for help, and it was that act - asking for help - that set him on the long road to recovery. Building on this narrative, Kevin leads the reader through the stages of asking for help, learning to listen, the physical, emotional and mental elements of recovery, and how to maintain stable mental health at home and at work. Written with warmth, honesty and compassion, this is a valuable resource for anyone who needs help and doesn't know where to begin. Free-spirited Jo Attenborough wreaks havoc on the lives of her newfound family when she surrenders to the forbidden passion that rages between her and Flynn Ito, a dangerous and reclusive cattle baron who is the son of a samurai. "One of country music's greatest songwriters has given us his own private tour of the collective genius of his profession." —Malcolm Gladwell,

bestselling author and host of the Revisionist History podcast Bobby Braddock, the only living songwriter to have written number-one country songs in five consecutive decades, celebrates standout lines in more than eighty country masterpieces. Unique stories give the reader a behind-the-scenes look at classics from Hank Williams, Bill Anderson, Roger Miller and Merle Haggard, as well as twenty-first-century icons like Alan Jackson, Taylor Swift and Eric Church. Artist Carmen Beecher brings these tales to vivid life with strikingly realistic illustrations of seldom-seen songwriters, easily recognizable superstars and unforgettable song characters. From late 1940s jukebox hits to present-day chart toppers, Braddock and Beecher offer a magical journey from the songwriter's pen to the singer's lips to the listener's ear. "Country Music's Greatest Lines works as an insider's take on the business of country, and it also sent me to a dozen records I wanted to hear immediately. Braddock and Beecher evoke the mythology of country without sentimentalizing the music or its creators. It's a remarkable achievement." —Nashville Scene "We see how stand-alone powerful and effective a few well-crafted lines can be, even when removed from the context of the entire song." —Sounds Like Nashville "Country songs, from Hank Williams till today, remain faithful to their tradition of reminding their listeners about the life they live. Braddock, a 60-year creator of songs, remembered that when he decided to write this book." —American Songwriter

Out of This Furnace is Thomas Bell's most compelling achievement. Its story of three generations of an immigrant Slovak family -- the Dobrejcsaks -- still stands as a fresh and extraordinary accomplishment. The novel begins in the mid-1880s with the naive blundering career of Djuro Kracha. It tracks his arrival from the old country as he walked from

New York to White Haven, his later migration to the steel mills of Braddock, Pennsylvania, and his eventual downfall through foolish financial speculations and an extramarital affair. The second generation is represented by Kracha's daughter, Mary, who married Mike Dobrejcak, a steel worker. Their decent lives, made desperate by the inhuman working conditions of the mills, were held together by the warm bonds of their family life, and Mike's political idealism set an example for the children. Dobie Dobrejcak, the third generation, came of age in the 1920s determined not to be sacrificed to the mills. His involvement in the successful unionization of the steel industry climaxed a half-century struggle to establish economic justice for the workers. *Out of This Furnace* is a document of ethnic heritage and of a violent and cruel period in our history, but it is also a superb story. The writing is strong and forthright, and the novel builds constantly to its triumphantly human conclusion. Enigmatic drawings invite the reader to invent his or her own stories to explain each scene. Biography of the man who rose in professional boxing in the 1920's, lost a title fight in 1929, struggled to feed his family, and with Joe Gould as his manager, won the heavyweight title from heavily favored Max Baer in 1935. #1 New York Times bestseller! In this enthralling sequel to Kendare Blake's New York Times bestselling *Three Dark Crowns*, Fennbirn's deadliest queens must face the one thing standing in their way of the crown: each other. The battle for the crown has begun, but which of the three sisters will prevail? With the unforgettable events of the *Quickening* behind them and the *Ascension Year* underway, all bets are off. Katharine, once the weak and feeble sister, is stronger than ever before. Arsinoe, after discovering the truth about her powers, must figure out how to make her secret talent work in her favor

without anyone finding out. And Mirabella, once thought to be the strongest sister of all and the certain Queen Crowned, faces attacks like never before—ones that put those around her in danger she can't seem to prevent. Don't miss *Five Dark Fates*, the thrilling conclusion to the series! New York Times Bestseller: This true Depression-era story of a down-and-out fighter's dramatic comeback is "a delight" (David Halberstam). James J. Braddock was a once promising light heavyweight. But a string of losses in the ring and a broken right hand happened to coincide with the Great Crash of 1929—and Braddock was forced to labor on the docks of Hoboken. Only his manager, Joe Gould, still believed in him. Gould looked out for the burly, quiet Irishman, finding matches for Braddock to help him feed his wife and children. Together, they were about to stage the greatest comeback in fighting history. Within twelve months, Braddock went from being on the relief rolls to facing heavyweight champion Max Baer, renowned for having allegedly killed two men in the ring. A brash Jewish boxer from the West Coast, Baer was heavily favored—but Braddock carried the hopes and dreams of the working class on his shoulders, and when he emerged victorious against all odds, the shock was palpable—and the cheers were deafening. In the wake of his surprise win, Damon Runyon dubbed him "Cinderella Man." Against the gritty backdrop of the 1930s, *Cinderella Man* brings this dramatic all-American story to life, telling a classic David and Goliath tale that transcends the sport. "A punchy read with touches of humor." —The New York Times "A wonderful, thrilling boxing story, and simultaneously a meticulous look at Depression life." —Jimmy Breslin The story of the most famous protest in sports history, written by one of the men who staged it. On July 9, 1755, an army of British and American soldiers commanded by

Major General Edward Braddock marched toward a major western outpost held by the French, confident of an easy victory. Suddenly, they were attacked by a much smaller force of French and Indian fighters-Braddock's army was destroyed, its commander fatally wounded, and supplies and secret papers were lost to the enemy. Paul E. Kopperman has used all of the known eyewitness reports of Braddock's defeat-some never before printed-to present an exciting critical account of this definitive battle in the French and Indian War. Braddock at the Monongahela is a synthesis of in-depth analysis of primary source materials, thoughtful evaluation of previous studies on the subject, and Kopperman's own persuasive interpretation. The son of an International Special Forces agent, Justin is used to changing high schools and to being unable to talk to girls, but when his father is left for dead, it's up to Justin to infiltrate the Deceivers and rescue him. peace. As the title may suggest, this anthology of poems by Ian R. Braddock has had a long gestation period. The thoughts and ideas contained within are distilled from a life that has undergone many twists and turns. There is much that could be read between the lines of experience that can only come with age. Ian R. Braddock was born in Manchester, England. He left school at sixteen to a series of 'dead-end jobs', each proposing little in terms of a career trajectory. Personal fulfilment was sought out in various degrees of hedonism, but also in writing and the pursuit of knowledge, which eventually won out. These poems represent a certain summation of that life's journey and the culmination of his quest to unravel the dichotomy of the human predicament: the relationship between what we want, what we need and the price paid for it. Marriage, fatherhood, moving to Ireland, the death of loved ones, watching children grow up are among the subject matters touched upon movingly in the engaging lines that he writes, at the same time held in check by a warm, often mischievous sense of humour. A collection of poetry that will be enjoyed by anyone who is not afraid to look at the world around them, discover its flaws and seek out answers on a fundamental level. It is only because of the factory that we can appreciate the meadow. An African-American boy idolises world champion prize-fighter Joe Louis as a boxer and a role model. She was driven by love to break every rule. Empress Jordan had fled to the Montana wilderness to escape a cruel injustice, only to find herself forced to desperate means to feed her brothers and sisters. Once she agreed to sell her most precious possession to the highest bidder, she feared she'd made a terrible mistake—even as she found herself hoping it was the tall, dark, chiseled stranger who had taken her dare and claimed her. He was every

woman's secret desire. From the moment he saw the emerald-eyed beauty, Trey Braddock-Black knew he must have her, no matter what the cost. Rich as sin and handsomer than the devil, the half-Absarokee rogue had no intention of settling down with one woman. But once seduced by her innocent sensuality, intoxicated by the sweet enchantress who was his for three reckless weeks, he knew he could never give her up. In this highly original study, Jeremy Braddock focuses on collective forms of modernist expression—the art collection, the anthology, and the archive—and their importance in the development of institutional and artistic culture in the United States. Using extensive archival research, Braddock's study synthetically examines the overlooked practices of major American art collectors and literary editors: Albert Barnes, Alain Locke, Duncan Phillips, Alfred Kreymborg, Amy Lowell, Ezra Pound, Katherine Dreier, and Carl Van Vechten. He reveals the way collections were devised as both models for modernism's future institutionalization and culturally productive objects and aesthetic forms in themselves. Rather than anchoring his study in the familiar figures of the individual poet, artist, and work, Braddock gives us an entirely new account of how modernism was made, one centered on the figure of the collector and the practice of collecting. *Collecting as Modernist Practice* demonstrates that modernism's cultural identity was secured not so much through the selection of a canon of significant works as by the development of new practices that shaped the social meaning of art. Braddock has us revisit the contested terrain of modernist culture prior to the dominance of institutions such as the Museum of Modern Art and the university curriculum so that we might consider modernisms that could have been. Offering the most systematic review to date of the Barnes Foundation,

an intellectual genealogy and analysis of The New Negro anthology, and studies of a wide range of hitherto ignored anthologies and archives, Braddock convincingly shows how artistic and literary collections helped define the modernist movement in the United States. -- John Xiros Cooper, The University of British Columbia

Historical sketch of the association, with résumé of the sessions from 1852-1900 is given in the Pennsylvania school journal, v. 49, 1900/01, p. 184-200. It was common gossip that there wasn't a woman alive safe from the seductive skills of Alec Munro, Earl of Dalgliesh. Except for Zelda MacKenzie, a magnificent, flame-haired Scottish beauty who makes it clear she has no interest in libertines. How lovely, Alec thought. How irresistibly challenging. On July 9, 1755, British and colonial troops under the command of General Edward Braddock suffered a crushing defeat to French and Native American enemy forces in Ohio Country. Known as the Battle of the Monongahela, the loss altered the trajectory of the Seven Years' War in

America, escalating the fighting and shifting the balance of power. An unprecedented rout of a modern and powerful British army by a predominantly Indian force, Monongahela shocked the colonial world--and also planted the first seeds of an independent American consciousness. The culmination of a failed attempt to capture Fort Duquesne from the French, Braddock's Defeat was a pivotal moment in American and world history. While the defeat is often blamed on blundering and arrogance on the part of General Braddock--who was wounded in battle and died the next day--David Preston's gripping new work argues that such a claim diminishes the victory that Indian and French forces won by their superior discipline and leadership. In fact, the French Canadian officer Captain Beaujeu had greater tactical skill, reconnaissance, and execution, and his Indian allies were the most effective and disciplined troops on the field. Preston also explores the long shadow cast by Braddock's Defeat over the 18th century and the American Revolution two decades later. The campaign had been an awakening to empire for many British Americans, spawning ideas of American identity and anticipating many of the political and social divisions that would erupt with the outbreak of the Revolution. Braddock's Defeat was the defining generational experience for many British and American officers, including Thomas Gage, Horatio Gates, and perhaps most significantly, George Washington. A rich battle history driven by a gripping narrative and an abundance of new evidence, Braddock's Defeat presents the fullest account yet of this defining moment in early American history. A goofy new puppy rocks the world of a high-strung dog and a snarky cat in this hilarious graphic novel for early readers. Crackers is a rescue dog who's a bit on the nervous side, but pretty comfy at home with Butter, a very plump cat who--like all cats--is all about himself. The two pets have a good life: big backyard, nice couch,

good eats, and an owner who goes to work every day so they can pretty much do what they want. Enter Peanut, a brand-new puppy with big floppy ears, unabashed energy, and no appreciation for the quiet life. The little dog is a chowhound who dips into everybody's food bowl. He drools, he chews up stuff, he doesn't get how stairs work, and he's afraid of the dark. Yowl! Not to mention he's hogging their owner's lap. Even the squirrels in the yard are laughing at this goofy little canine. Butter and Crackers have had it! This puppy has to go! But when the backyard gate is left open (the cat's idea, of course!) and Peanut wanders out and gets lost, the older animals remember what it was like to be alone--and lonely. Butter and Crackers to the rescue! Kids will laugh-out-loud at Paige Braddock's funny, endearing art and dialogue. (She also cleverly never shows "our human," the animals' owner, as anything more than a pair of hands or unintelligible speech balloons.) This is a wonderful story about friendship and acceptance, with the funniest combination of pets to ever hit the page.
