The Sesame Effect Jun 25 2022 The Sesame Effect details the wide-ranging work of Sesame Workshop and its productions across the world. With an emphasis on impact and evidence from research on projects in low- and middle-income countries, the book tells the stories behind the development of an international family of Muppet characters created for the locally produced adaptations of Sesame Street. Each chapter highlights the educational message of international co-productions and presents the cultural context of each project. Readers will understand the specific needs of children living in a given locale, as well as gain insight into the educational drivers of each project. These projects often deal with difficult issues, from race relations in the United States, to HIV/AIDS education in South Africa, to building respect across cultural divides in the Middle East. Readers will see how local productions have helped build a new mindset that values the importance of early childhood education, and how Sesame Street promotes a brighter future by building children's academic skills, encouraging healthy habits, and by fostering attitudes that counter negative stereotypes and create appreciation of and respect for others. The Sesame Effect shows how, when magnified across the millions of children touched by the various international programs, Sesame Workshop and its projects are making a difference around the world.

Scoping study on Ethiopian sesame value chain Nov 30 2022 The Consultative Group for International Agricultural Research (CGIAR) is the largest non-profit public agricultural research group globally. Recently, it has restructured itself into One-CGIAR with the intention of integrating its capabilities, knowledge, assets, people, and global presence for a new era of interconnected and partnership-driven research towards achieving the Sustainable Development Goals (SDGs). One-CGIAR led the development of about 30 initiatives that aimed at addressing one more of the key impact areas of SDGs. One of these initiatives is "Rethinking Food Markets and Value Chains for Inclusion and Sustainability," referred to as rethinking markets in short. Rethinking Markets Initiative aims to provide evidence on what types of bundled innovations, incentive structures, and policies are most effective for creating more equitable sharing of income and employment opportunities in growing food markets, while reducing the food sector's environmental footprint. The initiative has four work packages addressing different but interrelated issues and that are being implemented in one or more countries. Work Package 1 (WP1) is about making globally integrated value chains inclusive, efficient, and environmentally sustainable.

The Nuns of Sant'Ambrogio Mar 30 2020 A true, never-before-told story—discovered in a secret Vatican archive—of sex, poison, and lesbian initiation rites in a nineteenth-century convent. In 1858, a German princess, recently inducted into the convent of Sant'Ambrogio in Rome, wrote a frantic letter to her cousin, a confidant of the Pope, claiming that she was being abused and feared for her life. What the subsequent investigation by the Church's Inquisition uncovered were the extraordinary secrets of Sant'Ambrogio and the illicit behavior of the convent's beautiful young mistress, Maria Luisa. Having convinced those under her charge that she was having regular visions and heavenly visitations, Maria Luisa began to lead and coerce her novices into lesbian initiation rites and heresies. She entered into a highly eroticized relationship with a young theologian known as Padre Peters—urging him to dispense upon her, in the privacy and sanctity of the confessional box, what the two of them referred to as the "special blessing." What emerges through the fog of centuries is a sex scandal of ecclesiastical significance, skillfully brought to light and vividly reconstructed in scholarly detail. Offering a broad historical background on female mystics and the cult of the Virgin Mary, and drawing on written testimony and original documents, Professor Wolf—Germany's leading scholar of the Catholic Church, and among the very first scholars to be granted access to the archives of the Congregation for the Doctrine of the Faith, formerly the office of the Inquisition—tells the incredible story of how one woman was able to perpetrate deception, heresy, seduction, and murder in the heart of the Church itself.

Sesame Dec 28 2019 The first comprehensive review of sesame and its close relative, Sesame: the genus *Sesamum* covers ethnographic data, modern use, linguistic analysis of sesame names from around the world, market size, export and import data, geographical sources, use in the food and cosmetic industries, and much more. The book includes a historical review of the genus *Sesamum* that reveals its place in present-day traditions and cultivation in Africa and Asia. Expanding coverage from archaeological and anthropological literature from India, Mesopotamia, and Egypt, this ethnobotanical monograph draws on folk sources, reviews the phytochemistry of *Sesamum*, and presents extensive references.

Discourse Segmentation in Romance Languages Jun 13 2021 This volume gathers together for the first time contributions from the most relevant approaches in discourse segmentation developed in the last fifteen years in Romance languages. All these approaches share the assumption that discourses (either oral or written) can be fully divided into units and subunits: just like sentences are fully analyzed with the help of Syntax, discourse can be fully analyzed with the help of Pragmatics. In this sense, the approaches in this volume represent a step forward with respect to the issues in segmentation addressed by Conversational Analysis or by Discourse Analysis. The research questions addressed in this volume range from the distribution of foci to the coupling of gestures and discourse units, the treatment of discourse markers or the interplay between intonation and discourse organization; all of great interest for General Linguistics, as well as for Romance Languages.
