**Honeyball & Bowers' Textbook on Employment Law**

**Aug 01 2020 Honeyball and Bowers' Textbook on Employment Law is an approach to employment law with strong critical analysis whilst placing it in its wider contexts, in a concise and user-friendly format. Fully updated to take into account the recent significant developments in this area, including the Equality Act 2010, the key topics on most employment law courses are addressed in detail. An extremely clear writing style allows this text to remain accessible and student-focussed, while providing detailed explanations and analysis of the law. The text also includes diagrams and chapter summaries throughout to aid student understanding, while further reading suggestions assist with essay preparation and research. Setting employment law in context, this book considers both industrial and collective issues as well as examining the increasing role of the EU in UK employment law. A separate chapter on human rights also enables students to understand the role human rights legislation plays in the development of employment law. This book also contains cross referencing to Painter & Holmes' Cases & Materials on Employment Law, ensuring that these two texts continue to complement one another and provide the perfect combination of textbook analysis**

**and the most up-to-date cases and materials. This text is accompanied by a free Online Resource Centre ([www.oxfordtextbooks.co.uk/orc/honeyball12e/](http://www.oxfordtextbooks.co.uk/orc/honeyball12e/)) which contains updates to the law and useful weblinks.**

**Random Processes for Engineers Jul 12 2021 This engaging introduction to random processes provides students with the critical tools needed to design and**

**evaluate engineering systems that must operate reliably in uncertain environments. A brief review of probability theory and real analysis of deterministic functions sets the stage for understanding random processes, whilst the underlying measure theoretic notions are explained in an intuitive, straightforward style. Students will learn to manage the complexity of randomness through the use of simple classes of random processes, statistical means and correlations, asymptotic analysis, sampling, and effective algorithms. Key topics covered include: • Calculus of random processes in linear systems • Kalman and Wiener filtering • Hidden Markov models for statistical inference • The estimation maximization (EM) algorithm • An introduction to martingales and concentration inequalities. Understanding of the key concepts is reinforced through over 100 worked examples and 300 thoroughly tested homework problems (half of which are solved in detail at the end of the book).**

**Besh Big Easy Apr 28 2020** In this, his fourth big cookbook, the award-winning chef John Besh takes another deep dive into the charm and authenticity of creole cooking inspired by his hometown, New Orleans. **Besh Big Easy: 101 Home-Cooked New Orleans Recipes**, is a fresh and delightful new look at his signature food. **Besh Big Easy** will feature all new recipes and easy dishes, published in a refreshing new flexibound format and accessible to cooks everywhere. Much has changed since Besh wrote his bestselling **My New Orleans** in 2009. His restaurant empire has grown from two to twelve acclaimed eateries, from the highly praised **Restaurant August** to the just opened farm-to-table taqueria, **Johnny Sanchez**. John's television career has blossomed as well. He's become known to millions as host of two national public television cooking shows based on his books and of **Hungry Investors** on Spike TV. **Besh Big Easy** is dedicated to accessibility in home cooking and Orleans cuisine. "There's no reason a good jambalaya needs two dozen ingredients," John says. In this book, jambalaya has less than ten, but sacrifices nothing in the way of flavor and even offers exciting yet simple substitutions. With 101 original, personal recipes such

**as Mr. Sam's Stuffed Crabs, Duck Camp Shrimp & Grits, and Silver Queen Corn Pudding, Besh Big Easy is chock-full of the vivid personality and Louisiana flavor that has made John Besh such a popular American culinary icon. Happy eating!**

**Shaq Talks Back Nov 04 2020 It's rare to discover a candid sports autobiography-- even rare when the author is one of the most recognizable athletes in the world. But in Shaq Talks Back, Shaquille O'Neal for the first time talks frankly about his childhood, his life, his rivalries, and his career, culminating in a dramatic, behind-the-scenes account of the Los Angeles Lakers' drive to the NBA Championship. At seven feet one inch tall and 330 pounds, Shaq has always faced outsized expectations, even as a child when he towered over other kids. Shaq Talks Back is the story of how potential became reality-- how someone expected to**

be a champion finally learned to become one. Beginning with his memory of crying on the court after the Lakers defeated the Indiana Pacers, Shaq takes us back to his younger days in Newark and Jersey City, New Jersey, then to Georgia and finally to Germany, where he began to harness some of his height and strength. From there, he recounts the remarkable progress of his basketball career, changing from a big but inexperienced teenager to a dominant college and professional player. Shaq talks about: \* Playing at Louisiana State University for the unpredictable coach Dale Brown \* Signing the biggest rookie contract ever with the Orlando Magic-- and going to the NBA Finals for the first time \* What happened next: dissent, disappointment, and his decision to leave for Los Angeles \* The dysfunctional Lakers who were never able to win the big games \* Dealing with egos as he finds the right chemistry with Kobe Bryant, Phil Jackson, and new additions to the team \* Rivalries with Alonzo Mourning, Patrick Ewing, Hakeem Olajuwon, David Robinson, and others \* The trouble with free throws... \* "Bling-bling" and women: the larger-than-life world of NBA players off the court \* Inside the Lakers' comeback from the brink against Portland and the drive to the NBA championship Funny, insightful, opinionated, and unexpectedly moving, Shaq Talks Back is the true voice of the NBA's best player.

**The Altman Close Jun 30 2020 Land the deals you want and develop your instincts with million-dollar negotiation techniques After selling over \$3 Billion in real estate, including the most expensive one-bedroom house in history, Josh Altman, co-star of the hit show Million-Dollar Listing Los Angeles, wants to teach you the real estate sales and negotiation tactics that have made him one of America's top agents. Buying or selling a house, whether for a client or yourself, is one of the most important (and most stressful) deals anyone can make, demanding emotional intelligence and a solid set of negotiating skills. But by mastering the same techniques that sell multi-million-dollar homes in Bel Air and Beverly Hills, you can attract buyers and close deals on any property. Josh breaks down the art of real estate into three simple parts. First, he'll help you get business in the door during the Opening. Then he takes you step-by-step through the Work: everything between the first handshake and the last. And finally, the Close, the last step that ensures all your hard work pays off as you seal the deal. Learn how to open with a prospect, work the deal, close, open, and repeat Build and market your reputation, creating more sales**

**opportunities Develop the traits of a closer in you and your team Drive the deal forward and get the best price for your property by creating desire, scarcity, and demand Successful real estate sales are driven by the same principles, whether they happen in the Hollywood Hills or just down the street. Josh wants to put those principles, and the techniques for applying them, in your hands. Learn them and discover what you can achieve.**
