**They Came They Conquered** Sep 28 2022 Beginning with Timur, Sultan Ghazni who invaded India seventeen times at the head of a large army, plundering the country of its great wealth, to the last Mughal Emperor Bahadur Shah, banished from the country by the British - details and descriptions of every incident and each king astonish and exhilarate us. The approach is direct, simple and unambiguous. From Timur to Bahadur Shah it is one engaging account. The book should find a place in every household, as an authentic account of ourselves. A flawless portrait. -THE HINDU Madhan while explaining historical events uses modern similes... In spite of being a cartoonist in his previous avatar Madhan did not caricature the Moghul Emperors and their subjects. I am so pleased he did not sit on judgement as a south Indian non-Muslim writer. -KAMAL HAASAN

**The Image Trap** Jan 21 2022 The Image Trap analyses the phenomenon of M.G. Ramachandran (MGR), the legendary film star-cum-politician of Tamil Nadu, as a modern-day political myth. This book offers fascinating details about the extent to which MGR was successful in creating a stereotypical cinematic persona, and what repercussions it had on Tamil Nadu. Delineating the cultural elements that were meticulously mobilised to constitute MGR's on-screen image, it analyses the popularity he enjoyed among the poor whose interests he constantly violated. This is done by means of what Pandian termed as constructed biographies which are popular narratives that ingeniously present the cinematic as real. It brings out the interface and interplay between the media and political processes. A blend of essay writing, political rhetoric and scholarship, the book features the complete filmography of MGR and is a must for understanding the contemporary politics of the state.

**GREP in InDesign** May 25 2022 Updated: June 2015. Author Peter Kahrel updated this Short Cut to cover InDesign CC. Several examples have been added, and most examples are now analysed in more detail.

Updated: August 2010. Author Peter Kahrel updated this Short Cut to cover InDesign CS5. Updated: November 2009. Author Peter Kahrel updated this Short Cut to address typos and reader comments. GREP (short for "General Regular-Expression Print") is a powerful tool that lets you use wildcards ("jokers") to search and replace text. InDesign's GREP implementation can be used for text and also for formatting codes, finding patterns in text as well as literal text. GREP moves beyond the restrictions that hampered earlier InDesign search features, but unfortunately it does have the reputation of being difficult to master. As with many things, it can be challenging to learn, but, fortunately, a lot can be done with surprisingly simple expressions. The aim of this Short Cut is to show how to create simple but powerful regular expressions.

**My Father's Rifle** Mar 23 2022 A young Kurd comes of age in a war-torn land. This beautiful, spare narrative tells of the life of a boy named Azad--in fact the author, a Kurdish filmmaker--as he grows to manhood in Iraq during the 1960s and 1970s. Azad is born into a vibrant village culture, to a family that is proud of its Kurdish past and hopes for a free Kurdish future. He loves his mother's orchard, his cousin's stunt pigeons, his father's old Czech rifle, his brother who is fighting in the mountains. But before he is even of school age, Azad has experienced strafing and bombing; he watches as friends and neighbors are assassinated; and he sees his father humiliated when he tries to get food for his starving family. Forced into a refugee camp in Iran for years, his family realizes, on their return, that Saddam Hussein and his regime are destroying the autonomy he had promised their people. In a burst of adolescent impatience, Azad briefly runs off to the mountains to fight for Kurdish liberty, like his brother. But Azad has also discovered art--drawings, poetry, film--and he senses that he must find his own way to advance the Kurdish cause. My Father's Rifle ends with his heartbreaking departure from his parents and flight across the Syrian border to freedom. Stunning in its unadorned intensity, My Father's Rifle is a moving portrait of a boy who embraces the land and culture he loves, even as he leaves them.

[The Vitamin Cure for Alcoholism](#) Nov 06 2020 This book can be a godsend for many persons--for those who

suffer from alcohol addiction, for their friends and loved ones, and for those in the relevant helping professions. Its central message is that alcoholism is primarily a metabolic disease that should be treated with due consideration of its physiological roots. The old moralistic approach and the more recent behavioral and psychological treatment approaches have a dismal record of failure, largely because they pay little or no attention to the crucial physiological and nutritional needs of alcoholics.

**Like a Mighty Wind** Jan 01 2023 "When we believe the Bible as it is, we will see the power of God move in our lives and in our community as it did centuries ago in Bible times." -Mel Tari Translated into dozens of languages, with millions of copies sold, Like a Mighty Wind remains a beloved classic from global evangelist Mel Tari. Recounting the incredible story of revival on the island of Timor during 1965 in the midst of political turmoil, the book is an amazing testament to the power of faith and the reality of God's power to work miracles in modern times. The Spirit of God that swept across the island "like a mighty wind" continues today throughout Indonesia although persecution of Christians is all too common. The story of God's powerful revival in this region remains a testament to the truth of God's Word, and serves as a reminder to all believers that the Spirit of God manifests in our world now as it did in the earliest days of the Church.

**The Elephant Catchers** Feb 19 2022 `Unlike an operation to catch rabbits, trapping an elephant calls for expertise over enthusiasm. Those who hunt rabbits are rarely able to rope in elephants.? In The Elephant Catchers, Subroto Bagchi distils his years of on-the-ground learning to explore what organizations and their people must do to climb to the next level and beyond. Through a combination of engaging anecdotes from his experiences as co-founder, and subsequently Chairman, of Mindtree Ltd, as well as practical advice on growth-related issues such as dealing with consultants or navigating strategy traps and M&As, Bagchi demonstrates a crucial point: Organizations with real ambition to get to the top need to embrace the idea of scale. The book leads you to evaluate: ? Is your organization's infrastructure designed to evolve and ultimately mimic the simultaneity of a living organism? ? Are you constantly nurturing and renewing your brand identity or letting it stagnate and decay? ? Does your sales force have as many hunters as it has farmers? Or is it dominated by a grizzly who just waits for the salmon to land in its mouth? ? In a fiercely competitive environment, are you really stepping `out of the box? and learning from unusual sources? Engaging, wise and thoroughly accessible, this book is a must-read for everyone in every organization seeking breakout success.
