compare 20 included *what is a serger what can i do with it ageberry helping* Sep 26 2022 web dec 29 2022 a serger is a unique looking type of sewing machine that gives you very professional looking stitches as it simultaneously combines three different tasks while you sew it sews seams trims off seam allowances and finishes raw fabric edges by combining these three functions doing certain tasks with a serger will save you so much time

**overlock wikipedia** Apr 21 2022 web the purl stitch an overlock is a kind of stitch that sews over the edge of one or two pieces of cloth for edging hemming or seaming usually an overlock sewing machine will cut the edges of the cloth as they are fed through such machines being called sergers in north america though some are made without cutters

**what is a serger used for do i need a serger machine** Dec 29 2022 web a serger is a wonderful sewing machine that helps speed up your sewing time while doing duties that you would normally do with regular sewing machines of course if you like doing those duties you do not need a serger but they do come in handy to get the facts about serger machines just continue to read our article **how to adjust serger tension**

**troubleshooting for beginners** Mar 20 2022  
web jan 26 2023 set all your tension dials to  
the midpoint of the suggested tension range for  
example if your machine suggests tension  
between 3 5 set all the dials at 4 stitch your  
scrap fabric evaluate thread tension in the  
same order that you threaded so on my

machine i would begin with the upper looper  
then lower looper then right needle then left  
*how to use a serger with pictures* wikihow May  
22 2022 web may 17 2022 a serger or  
overlock sewing machine gives garments and  
other sewn objects finished seams when using

one you get many things done for you a serger  
will secure seams with an overlock stitch to  
cover raw edges and cut excess fabric the  
overlock stitch is ideal to use on knit fabrics  
since it has built in stretch
