If you intention to download and install the The Twilight Years Paris In The 1930s, it is definitely simple then, before currently we extend the belong to to purchase and make bargains to download and install The Twiiight Years Paris In The 1930s for that reason simple!

From the outset of World War I, French doctors faced an apparent epidemic of puzzling neurological and psychiatric illnesses among soldiers. As they attempted to understand the causes of these illnesses, doctors organized specialized centers near the front, where they submitted soldiers to swift, humiliating treatments and then returned them to duty. At home, they interned the scores of civilians who succumbed to the war's strains in decrepit asylums or left them to fend for themselves. In *Treating the Trauma of the Great War*, Gregory M. Thomas explores the psychological effects of the war on French citizens, showing how doctors' understanding of mental illness produced deep, tangible effects in the lives of the men and women who suffered. Doctors vigorously debated the war's role in the genesis of the neuropsychiatric disturbances observed in soldiers and civilians, but most psychiatrists ultimately concluded that mental illnesses appeared primarily in individuals predisposed to disease. Consequently, doctors granted their patients few favors when making decisions about diagnostic labels, treatment regimes, and pension allocations, leaving many to endure illnesses without adequate care or sufficient financial support. In their quest to understand the psychological impact of war, Thomas argues, doctors focused more on demonstrating the capabilities of their medical specialties and serving a state at war than on treating patients. Those aims significantly affected doctors' scientific conclusions, their medical and legal decisions, and their treatment practices. When the war ended, psychiatric reformers used the trauma of war to their advantage, promoting the perception of France as a traumatized nation in need of new psychiatric institutions that could accommodate a large and growing pool of psychologically wounded citizens. Thomas draws on the vast medical literature produced during and after the war, including veterans' journals, parliamentary debates, newspaper articles, and medical administrative reports, infusing his narrative with a vivid human element. Though psychiatrists ultimately failed to raise the status of their specialty, Thomas reveals how the war helped precipitate lasting changes in psychiatric practice. A social history of the decade that took Paris, its avant-garde artists, & celebrated expatriates to the brink of the Second World War. Despite the stock market crash of 1929, Paris lost none of its magical allure for artists & expatriates in the 1930s, with jazz orchestras, surrealism, & haute couture reinventing itself. James Joyce, Josephine Baker, Henry Miller, Anais Nin, Coco Chanel, Helena Rubinstein, Salvador Dali, Elsa Schiaparelli, T.S. Eliot, Katherine Anne Porter, Gertrude Stein, Sylvia Beach, Pablo Picasso, Janet Flanner, & Man Ray all flourished in Paris. This book tells their story, & the city's. Chronicles the decade that fostered the brilliant creative revolution of the expatriate era -- but ended with the fall of Paris in 1940. Lavishly illustrated. This is the most complete chronological account of Samuel Beckett's life and work, when and where each work by him came to be written, many details of which have only recently come to light and are often not known to scholars working in the field. "When Benjamin Martin's latest report from the front of French fallibility does not read like a tragedy, whose end is foreordained, it reads like a melodrama: sensational doings punctuated by catchy melodies like 'L'Internationale' and 'La Marseillaise.' In both cases it reads well.... French life in the run-up to World War II was a gangrenous decomposition, to be followed by still worse. The country's leaders found nary a prattfall that they could avoid. They chose a semblance of peace above honor and ended up with neither.... In spite of a masterful prologue, successful synthesis, elegant concision and lucid presentation (or perhaps thanks to them), the reader can't help sharing the nation's shames. A tribute to the historian's talent." -- Eugen Weber, Phi Beta Kappa Key ReporterAt the beginning of 1938, containment of Nazi Germany by a coalition of eastern and western democracies without resorting to war was still a distinct possibility. By the end of 1938, however, Germany was much stronger, the western democracies stood alone, and war was all but certain. The primary cause for these developments, argues Benjamin F. Martin, was the foreign and domestic policies adopted by the French government and embraced by the French people. In a riveting account of the dark days leading up to France's defeat and occupation, Martin reveals a great and civilized nation committing a kind of suicide in 1938. Using movies, novels, newspapers, and sensational court cases, Martin weaves an absorbing tale of France's collective fear and melancholy during this troubled prewar period. This anthology examines Love's Labours Lost from a variety of perspectives and through a wide range of materials. Selections discuss the play in terms of historical context, dating, and sources; character analysis; comic elements and verbal conceits; evidence of authorship; performance analysis; and feminist interpretations. Alongside theater reviews, production photographs, and critical commentary, the volume also includes essays written by practicing theater artists who have worked on the play. An index by name, literary work, and concept rounds out this valuable resource. The book consists of photographs of thirty-one places dear to Anais Nin in and around Paris, her quotes, and the author's essays, all bilingually presented in English and French. It is a unique and charming guidebook to the writer Anais Nin, the city she lived in and loved, art, literature, and the 20th Century thought. You will find an array of luminaries such as Henry Miller, Antonin Artaud, Sylvia Beach, Bunuel, Brassai, and Duchamp in interaction with Nin. You will also be introduced to important feminists such as Simone de Beauvoir and Judith Butler through Nin. Francophiles and Paris buffs will find something new and fascinating in this timeless guidebook, filed with sites, passageways, hotels, shops, and more What if—walking around Paris—instead of seeing only the Paris of 2017, you glimpsed Paris in Revolutionary times? Or Paris when it was home to 80,000 horses; or Paris lit by gaslight; or medieval Paris? What if—walking down a block in Paris—you recognized the signs, mosaics, pieces of hardware, and architectural details as relics of many centuries that have stories to tell of past eras? This is what *Curiosities of Paris* reveals. Each of the book's 800 photos of unique locations and architectural oddities—as well as utilitarian objects whose functions have long been obscured with the passage of time—discloses a previously unnoticed city. Even those who know Paris well might never have registered the thousands of details on every street that testify to the enduring presence of the past: the solar cannon at Invalides, street signs with the word "saint" and all fleur-de-lys removed; the unique features of Parisian street lighting. You'll never look at an elm tree the same way again. And, with *Curiosities of Paris* as your guide, you'll feel very in-the-know as you walk down the Champs-Élysées past all the auto dealerships. Organized by subject—including fountains and wells; centuries-old shop signs; vestiges of wars and ancient Egypt; hotels of legend; remarkable trees; sundials and meridians; equestrian Paris; romantic ruins; unusual tombs, stairways, and passageways; religious relics; mosaics; public barometers and thermometers; and hundreds more urban elements and anachronisms—the book also includes three themed walks (along the city's ancient walls, in the steps of Quasimodo, and through the French Revolution), as well as an index of street names. This absorbing compendium is an essential addition to the library of the armchair traveler and flâneur alike. Throughout Western history, the societies that have made the greatest contributions to the spread of freedom have created iconic works of art to celebrate their achievements. Yet despite the enduring appeal of these works—from the Parthenon to Michelangelo's *David* to Picasso's *Guernica*—histories of both art and democracy have ignored this phenomenon. Millions have admired the artworks covered in this book but relatively few know why they were commissioned, what was happening in the culture that produced them, or what they were meant to achieve. Even scholars who have studied them for decades often miss the big picture by viewing them in isolation from a larger story of human striving. *David's Sling* places into context ten canonical works of art executed to commemorate the successes of free societies that exerted political and economic influence far beyond what might have been expected of them. Fusing political and art history with a judicious dose of creative reconstruction, Victoria Coates has crafted a lively narrative around each artistic object and the free system that inspired it. This book integrates the themes of creative excellence and political freedom to bring a fresh, new perspective to both. In telling the stories of ten masterpieces, *David's Sling* invites reflection on the synergy between liberty and human achievement. Tells the fascinating story of African American women who traveled to France to seek freedom of expression. During the Jazz Age, France became a place where an African American woman could realize personal freedom and creativity, in narrative or in performance, in clay or on canvas, in life and in love. These women were participants in the life of the American expatriate colony, which included F. Scott Fitzgerald, Gertrude Stein, and Cole Porter, and they commingled with bohemian avant-garde writers and artists like Picasso, Breton, Colette, and Matisse. *Bricktop's Paris* introduces the reader to twenty-five of these women and the city they encountered. Following this nonfiction account, T. Denean Sharpley-Whiting provides a fictionalized autobiography of Ada "Bricktop" Smith, which brings the players from the world of nonfiction into a Paris whose elegance masks a thriving underworld. "Bricktop's Paris vibrantly recreates and reimagines the fascinating world of Jazz Age Paris by placing black women at the center of the story. T. Denean Sharpley-Whiting gives us a valuable new perspective on Ada "Bricktop" Smith, giving her the prominence usually attributed to Josephine Baker. She also provides detailed portraits of other singers, musicians, writers, and artists who left America for the French capital. Written with enthusiasm and insight, *Bricktop's Paris* underscores the importance of women to transatlantic black modernity." — Tyler Stovall, author of *Paris Noir: African Americans in the City of Light* "Bricktop's Paris is a remarkable feat. Sharpley-Whiting's book is a woman's story about dreaming and making dreams happen. It is a political story, a story about migration, and re-creation. It is a dazzling account of bold women reshaping their lives as New Women/Modern Women and black women in Europe. A woman's place is not only viewed in the sphere of domesticity through Sharpley-Whiting's writing, she also reimagines the complexity of life far away from home and on stage, in the studio, and in the nightclub. She captures their spirit and desires and walks us through this history arm and arm, singing, writing, dancing, and making art. I fell in love with these women as I empathized with their struggles, some of them I knew through other writings but through Sharpley-Whiting I felt as if I knew them intimately as they made their lives count some fifty years after Reconstruction. She restores their voices and their bodies and makes them present for the contemporary reader. Brilliant!" — Deborah Willis, author of *Posing Beauty: African American Images from the 1890s to the Present* "Bricktop's Paris is a marvelous book that further consolidates Sharpley-Whiting's record of pioneering research, a meticulous archeological excavation of the artistic, cultural, political, and social contributions made by African American women in Paris during the interwar years. This was a period that increasingly linked racial advocacy with colonial emancipation and during which African American women achieved unprecedented levels of creative and personal freedom while shaping broader conversations on identity and race. *Bricktop's Paris* promises to inspire a new generation of researchers and will become an incontrovertible point of reference in assessing the intellectual history of the era." — Dominic Thomas, Madeleine L. Letessier Professor of French and Francophone Studies, University of California, Los Angeles Discover Paris with the most incisive and in-the-know guidebook on the market. Whether you plan to stroll along the Seine, sip apéritifs at classy left-bank cafés or browse modern art at the Palais de Tokyo, *The Rough Guide to Paris* will show you ideal places to sleep, eat, drink and shop along the way. Inside *The Rough Guide to Paris* - Independent,

We pride ourselves on our accurate, honest and informed travel guides. Book Review Paris lost none of its magical allure for artists and expatriates in the 1930s. Jazz orchestrated Parisian nights, surrealism flourished, haute couture reinvented itself. James Joyce redefined modern literature with *Finnegans Wake* and at her cabaret Josephine Baker redefined the *derriere*. At salons and galleries, palaces and cafes, Henry Miller, Helena Rubinstein, Anais Nin, Coco Chanel, Salvador Dali, Elsa Schiaparelli, T.S. Eliot, and Katherine Anne Porter joined illustrious exiles of the twenties like Gertrude Stein, Sylvia Beach, Pablo Picasso, Janet Flanner, and Man Ray. The *Twilight Years* tells their story, and the city's. Jauntily narrated and lavishly illustrated with a superb selection of period photographs, it chronicles the decade that continued to foster the brilliant creative revolution of the expatriate era - an era that ended with perhaps the grimmest event in modern French history: the fall of Paris and the Nazi occupation in 1940. The Rough Guide to Paris is the ultimate travel guide to this fascinating city with clear maps and detailed coverage of all the best Paris attractions. Discover Paris's highlights with stunning photography and detailed coverage on everything from the city's magnificent galleries and the iconic Eiffle Tower, to the Left Bank cafés of Saint-Germain and Montparnasse. Find detailed practical advice on what to see and do in Paris whilst relying on up-to-date descriptions of the best hotels, bars, clubs, shops and restaurants for all budgets. Explore every corner of this romantic city with clear maps to help you travel around with ease and ensure you don't miss the unmissable. Make the most of your holiday with The Rough Guide to Paris. Mary McAuliffe's *Dawn of the Belle Epoque* took the reader from the multiple disasters of 1870–1871 through the extraordinary re-emergence of Paris as the cultural center of the Western world. Now, in *Twilight of the Belle Epoque*, McAuliffe portrays Paris in full flower at the turn of the twentieth century, where creative dynamos such as Picasso, Matisse, Stravinsky, Debussy, Ravel, Proust, Marie Curie, Gertrude Stein, Jean Cocteau, and Isadora Duncan set their respective circles on fire with a barrage of revolutionary visions and discoveries. Such dramatic breakthroughs were not limited to the arts or sciences, as innovators and entrepreneurs such as Louis Renault, André Citroën, Paul Poiret, François Coty, and so many others—including those magnificent men and women in their flying machines—emphatically demonstrated. But all was not well in this world, remembered in hindsight as a golden age, and wrenching struggles between Church and state as well as between haves and have-nots shadowed these years, underscored by the ever-more-ominous drumbeat of the approaching Great War—a cataclysm that would test the mettle of the City of Light, even as it brutally brought the Belle Epoque to its close. Through rich illustrations and evocative narrative, McAuliffe brings this remarkable era from 1900 through World War I to vibrant life. The racist legacy behind the Western idea of freedom The era of the Enlightenment, which gave rise to our modern conceptions of freedom and democracy, was also the height of the trans-Atlantic slave trade. America, a nation founded on the principle of liberty, is also a nation built on African slavery, Native American genocide, and systematic racial discrimination. *White Freedom* traces the complex relationship between freedom and race from the eighteenth century to today, revealing how being free has meant being white. Tyler Stovall explores the intertwined histories of racism and freedom in France and the United States, the two leading nations that have claimed liberty as the heart of their national identities. He explores how French and American thinkers defined freedom in racial terms and conceived of liberty as an aspect and privilege of whiteness. He discusses how the Statue of Liberty—a gift from France to the United States and perhaps the most famous symbol of freedom on Earth—promised both freedom and whiteness to European immigrants. Taking readers from the Age of Revolution to today, Stovall challenges the notion that racism is somehow a paradox or contradiction within the democratic tradition, demonstrating how white identity is intrinsic to Western ideas about liberty. Throughout the history of modern Western liberal democracy, freedom has long been white freedom. A major work of scholarship that is certain to draw a wide readership and transform contemporary debates, *White Freedom* provides vital new perspectives on the inherent racism behind our most cherished beliefs about freedom, liberty, and human rights. A novel that “elegantly weaves together many strands—the political, the historical, and the romantic, richly braided with adventure” (Claire Messud, author of *The Woman Upstairs*). Paris, 1990. While demonstrations against the First Gulf War rage, Matilde Anselm, professor of cardiac anesthesiology, arrives in the City of Light from New York to be part of the surgical team performing a heart transplant—and soon finds herself falling in love with a suave Arab diplomat. Even as her concerns mount over shadowy protocols surrounding the planned transplant, a surprise inheritance—a mysterious apartment and trove of love letters from the Spanish Civil War, bequeathed to her by a stranger—sweeps Matilde through a hidden Paris and into the labyrinth of her own buried past. As the diplomat and the apartment reluctantly reveal their secrets, the tragedies they unearth open a further mystery: the enigma that has haunted Matilde's life. A dizzying tale of personal transformation, Russ Rymer's “richly plotted, ardently imagined first novel” is populated by “unforgettable characters [who] grapple with the mystery of what love means, and what it costs” (Geraldine Brooks, author of *People of the Book*). “Russ Rymer is a virtuoso of mystery and misapprehension. With *Paris Twilight*, he has created a novel of fine intelligence that richly rewards the reader's closest attention. An American original.” —Ward Just, author of *An Unfinished Season* and *Exiles in the Garden* This work traces the life and writings of Father Henri de Lubac (1896-1991) and reveals the importance and brilliance of his works, the holiness of his life, and his deep love for the Church. Some poorly informed Church leaders misunderstood and persecuted this brilliant scholar and devoted priest, who always remained a faithful son of the Church, and whose theology contributed greatly to Vatican II. During the armistice proceedings and at the Peace Conference after World War I, French General Maxime Weygand served as chief aid to Marshal Foch. Called out of retirement in the late 1930s, Weygand again served his country during World War II, becoming commander in chief of the French Army. His call for enhanced French unity, military preparedness, and adaptation to a new kind of war dominated by tank mobility might have saved France the humiliating defeat in 1940 at the hand of the Nazis, had it been heeded. Weygand's recognition of the Nazi threat earned him the respect of Winston Churchill and Franklin Roosevelt. Weygand's Vichy Resistance led to his imprisonment from late 1942 through the end of the war. French archival sources, available oral testimony and Weygand's private papers contribute to a fascinating biography of one of World War II's unsung heroes. For much of the twentieth century, Americans had a love/hate relationship with France. While many admired its beauty, culture, refinement, and famed *joie de vivre*, others thought of it as a dilapidated country populated by foul-smelling, mean-spirited anti-Americans driven by a keen desire to part tourists from their money. *We'll Always Have Paris* explores how both images came to flourish in the United States, often in the minds of the same people. Harvey Levenstein takes us back to the 1930s, when, despite the Great Depression, France continued to be the stomping ground of the social elite of the eastern seaboard. After World War II, wealthy and famous Americans returned to the country in droves, helping to revive its old image as a wellspring of sophisticated and sybaritic pleasures. At the same time, though, thanks in large part to Communist and Gaullist campaigns against U.S. power, a growing sensitivity to French anti-Americanism began to color tourists' experiences there, strengthening the negative images of the French that were already embedded in American culture. But as the century drew on, the traditional positive images were revived, as many Americans again developed an appreciation for France's cuisine, art, and urban and rustic charms. Levenstein, in his colorful, anecdotal style, digs into personal correspondence, journalism, and popular culture to shape a story of one nation's relationship to another, giving vivid play to Americans' changing response to such things as France's reputation for sexual freedom, haute cuisine, high fashion, and racial tolerance. He puts this tumultuous coupling of France and the United States in historical perspective, arguing that while some in Congress say we may no longer have french fries, others, like Humphrey Bogart in *Casablanca*, know they will always have Paris, and France, to enjoy and remember. A passionate account of how the gulf between France's metropolitan elites and its working classes are tearing the country apart Christophe Guilluy, a French geographer, makes the case that France has become an “American society”—one that is both increasingly multicultural and increasingly unequal. The divide between the global economy's winners and losers in today's France has replaced the old left-right split, leaving many on “the periphery.” As Guilluy shows, there is no unified French economy, and those cut off from the country's new economic citadels suffer disproportionately on both economic and social fronts. In Guilluy's analysis, the lip service paid to the idea of an “open society” in France is a smoke screen meant to hide the emergence of a closed society, walled off for the benefit of the upper classes. The ruling classes in France are reaching a dangerous stage, he argues; without the stability of a growing economy, the hope for those excluded from growth is extinguished, undermining the legitimacy of a multicultural nation. "If anyone wants to understand the fate of France in the 20th century, this is the book to read." --Arthur Herman, historian and bestselling author of *How the Scots Invented the Modern World*. In 1906, Franç½ois Coty became a multimillionaire within two years of creating his first perfume, the legendary La Rose Jacqueminot. In the 30 years he ruled his perfume and cosmetics kingdom, Coty became France's first billionaire, acquiring unimaginable wealth during the most devastating war in the history of Europe, World War I. Born in Corsica next door to the home where his idol and distant relative Napoleon Bonaparte was born, Coty, with his unshakable charisma, ingenuity, and of course, his incredibly sensitive "nose," revolutionized the world's fragrance and cosmetics industry. Now, for the first time, comes this stunning biography of France's fragrance king, the incredible story of the ambitions, loves, losses, and triumphs of one of the 20th century's most famed yet enigmatic entrepreneurial geniuses. Dazzlingly beautiful, highly intelligent and an extraordinary force of energy, Nancy Cunard was an icon of the Jazz Age, said to have inspired half the poets and novelists of the twenties. Born into a life of wealth and privilege, yet one in which she barely saw her parents, Nancy rebelled against expectations and pursued a life in the arts. She sought the constant company of artists, writers, poets and painters, first in London's Soho and Mayfair, and then in the glamorous cafes of 1920s Paris. This is the remarkable story of Nancy's Paris life, filled with art, sex and alcohol. She became a muse to Wyndham Lewis, Constantin Brâncusi sculpted her, Man Ray photographed her and she played tennis with Ernest Hemingway. She had many love affairs, the most significant of which are included in this book: the American poet Ezra Pound, the novelists Aldous Huxley and Michael Arlen, the French poet Louis Aragon and finally and controversially the black American pianist Henry Crowder, with whom she ran her printing press in Paris. She was also shaped by her lifelong friendship with George Moore, her mother's lover. This tempestuous tale of passion and intrigue is as much a portrait of twenties Paris as it is the story of an extraordinary woman who defined her age. Describes the visionary works and discoveries of the intellectuals and artists who lived in Paris at the beginning of the twentieth century, against a background of struggles between the Church and state, widespread poverty, and the approaching Great War. A glorious, edible tour of Paris through six decades of writing from *Gourmet* magazine, edited and introduced by Ruth Reichl For sixty years the best food writers have been sending dispatches from Paris to *Gourmet*. Collected here for the first time, their essays create a unique and timeless portrait of the world capital of love and food. When the book begins, just after the war, we are in a hungry city whose chefs struggle to find the eggs and cream they need to re-create the cuisine from before the German occupation. We watch as Paris comes alive again with zinc-topped tables crowded with people drinking café au lait and reveling in crisp baguettes, and the triumphant rebirth of three-star cuisine. In time, nouvelle cuisine is born and sweeps through a newly chic and modern city. It is all here: the old-time bourgeois dinners, the tastemakers of the fashion world, the hero-chefs, and, of course, Paris in all its snobbery and refinement, its inimitable pursuit of the art of fine living. Beautifully written, these dispatches from the past are intimate and immediate, allowing us to watch the month-by-month changes in the world's most wonderful city. Remembrance of Things Paris is a book for anyone who wants to return to a Paris where a buttery madeleine is waiting around every corner. Contributors include Louis Diat, Naomi Barry, Joseph Wechsberg, Judith and Evan Jones, Don Dresden, Lillian Langseth-Christensen, Diane Johnson, Michael Lewis, and Jonathan Gold. On the evening of May 16, 1937, the train doors opened at the Porte Dorée station in the Paris Métro to reveal a dying woman slumped by a window, an eight-inch stiletto buried to its hilt in her neck. No one witnessed the crime, and the killer left behind little forensic evidence. This first-ever murder in the Paris Métro dominated the headlines for weeks during the summer of 1937, as journalists and the police slowly uncovered the shocking truth about the victim: a twenty-nine-year-old Italian immigrant, the beautiful and elusive Laetitia Toureaux. Toureaux toiled each day in a factory, but spent her nights working as a spy in the seamy Parisian underworld. Just as the dangerous spy Mata Hari fascinated Parisians of an earlier generation, the mystery of Toureaux's murder held the French public spellbound in pre-war Paris, as the police tried and failed to identify her assassin. In *Murder in the Métro*, Gayle K. Brunelle and Annette Finley-Croswhite unravel Toureaux's complicated and mysterious life, assessing her complex identity within the larger political context of the time. They follow the trail of Toureaux's murder investigation to the Comité Secret d'Action Révolutionnaire, a secret right-wing political organization popularly known as the Cagoule, or "hooded ones." Obsessed with the Communist threat they perceived in the growing power of labor unions and the French left wing, the Cagoule's leaders aimed to overthrow France's Third Republic and install an authoritarian regime allied with Italy. With Mussolini as their ally and Italian fascism as their model, they did not shrink from committing violent crimes and fomenting terror to accomplish their goal. In 1936, Toureaux -- at the behest of the French police -- infiltrated this dangerous group of terrorists and seduced one of its leaders, Gabriel Jeantet, to gain more information. This operation, the authors show, eventually cost Toureaux her life. The tale of Laetitia Toureaux epitomizes the turbulence of 1930s France, as the country prepared for a war most people dreaded but assumed would come. This period, therefore, generated great anxiety but also offered new opportunities -- and risks -- to Toureaux as she embraced the identity of a "modern" woman. The authors unravel her murder as they detail her story and that of the Cagoule, within the popular culture and conflicted politics of 1930s France. By examining documents related to Toureaux's murder -- documents the French government has sealed from public view until 2038 -- Brunelle and Finley-Croswhite link Toureaux's death not only to the Italian secret service, for whom she acted as an informant. Their research provides likely answers to the question of the identity of Toureaux's murderer and offers a fascinating look at the dark and dangerous streets of pre-World War II Paris. Bringing together history, literature, and popular culture, this book provides a cultural history of France from a period of dominance in the mid-19th century to one of decline or crisis in the first few years of the third millennium. Contains both chronological narrative and a selection of primary documents in translation. This book looks at James Joyce's relationship with his friends in Paris: the hard-drinking Robert McAlmon, the gentle James Stephens, the artist Arthur Power, Padraic and Mary Colum, Thomas MacGreevy and Samuel Beckett. A personal account by the late founder of Arcade Publishing documents his experiences in the literary world of the mid-20th century, describing his efforts to overcome U.S. censorship laws and introduce readers to important written works. The Washington Post Notable Non-Fiction of 2013 On the seventy-fifth anniversary of Kristallnacht comes this untold story of a teenager whose act of defiance would have dire international consequences. On the morning of November 7, 1938, a seventeen-year-old Jewish refugee, Herschel Grynszpan, walked into the German embassy in Paris and in an act of desperation assassinated Ernst vom Rath, a low-level Nazi diplomat. He did it, he said, out “of love for my parents and for my people.” Two days later, vom Rath lay dead, and the Third Reich exploited his murder to inaugurate its long-planned campaign of terror against Germany's Jewish citizens, in the mass pogrom that became known as Kristallnacht. In a bizarre concatenation of events that would rapidly involve Ribbentrop, Goebbels, and Hitler himself, Grynszpan would become the centerpiece of a Nazi propaganda campaign that would later describe his actions as "the first shot of the Jewish War." In *The Short, Strange Life of Herschel Grynszpan*, best-selling author Jonathan Kirsch brings to light this wrenching story, reexamining the historical details and moral dimensions of one of the most enigmatic cases of World War II. Was Grynszpan a crazed lone gunman, or was he an agent of the Gestapo, recruited to provide a convenient pretext for a major escalation of Nazi aggression? Was he motivated by a desire to strike a blow for the Jewish people as an early partisan fighter, or did his act of violence speak to an intimate connection between the assassin and his target, as Grynszpan later claimed? In re-creating the life of this German-Polish refugee turned assassin, Kirsch convincingly demonstrates that the life of Herschel Grynszpan remains just as fascinating as the conspiracy theories that surround him. Challenging the perception of the European Jew as docile and unwilling to resort to violence in the face of aggression, Grynszpan was almost unanimously assailed by most German Jews, who were rightly fearful that the Nazis would use the murder to wreak widespread retribution. Yet he was at the same time embraced by the American journalist Dorothy Thompson, who rallied others to his international defense. Condemned by the likes of Goebbels at the time, he was still labeled as a "psychopath" and an agent provocateur by Hannah Arendt at the Eichmann trial two decades later. As Kristallnacht increasingly becomes known as an international day for remembrance, Jonathan Kirsch brilliantly succeeds here in illuminating both a single life cast into the shadows of history as well as the "countless tragic lives of Eastern European Jews in the terrible days leading up to World War II." A National Bestseller! The great filmmaker Werner Herzog, in his first novel, tells the incredible story of Hiroo Onoda, a Japanese soldier who defended a small island in the Philippines for twenty-nine years after the end of World War II In 1997, Werner Herzog was in Tokyo to direct an opera. His hosts asked him, Whom would you like to meet? He replied instantly: Hiroo Onoda. Onoda was

a former soldier famous for having quixotically defended an island in the Philippines for decades after World War II, unaware the fighting was over. Herzog and Onoda developed an instant rapport and would meet many times, talking for hours and together unraveling the story of Onoda's long war. At the end of 1944, on Lubang Island in the Philippines, with Japanese troops about to withdraw, Lieutenant Hiroo Onoda was given orders by his superior officer: Hold the island until the Imperial army's return. You are to defend its territory by guerrilla tactics, at all costs. . . . There is only one rule. You are forbidden to die by your own hand. In the event of your capture by the enemy, you are to give them all the misleading information you can. So began Onoda's long campaign, during which he became fluent in the hidden language of the jungle. Soon weeks turned into months, months into years, and years into decades—until eventually time itself seemed to melt away. All the while Onoda continued to fight his fictitious war, at once surreal and tragic, at first with other soldiers, and then, finally, alone, a character in a novel of his own making. In *The Twilight World*, Herzog immortalizes and imagines Onoda's years of absurd yet epic struggle in an inimitable, hypnotic style—part documentary, part poem, and part dream—that will be instantly recognizable to fans of his films. The result is a novel completely unto itself, a sort of modern-day Robinson Crusoe tale: a glowing, dancing meditation on the purpose and meaning we give our lives. Paris on the Brink vividly portrays the City of Light during the tumultuous 1930s. The decade was marked by violence at home and the rise of Hitler abroad, even as glamour prevailed in fashion and Surrealism sparked new forms of artistic creativity. Through rich illustrations and evocative narrative, Mary McAuliffe brings this vibrant era to life. Examines the image of "the Jew" in Sartre's work to rethink not only his oeuvre but also the role of the intellectual in France and the politics and ethics of existentialism. This book explores how French identity is defined through the abstraction and allegorization of "the Jew". Writer Hadley Freeman investigates her family's secret history in this "exceptional" (The Washington Post) "masterpiece" (The Daily Telegraph) uncovering a story that spans a century, two World Wars, and three generations. Hadley Freeman knew her grandmother Sara lived in France just as Hitler started to gain power, but rarely did anyone in her family talk about it. Long after her grandmother's death, she found a shoebox tucked in the closet containing photographs of her grandmother with a mysterious stranger, a cryptic telegram from the Red Cross, and a drawing signed by Picasso. This discovery sent Freeman on a decade-long quest to uncover the significance of these keepsakes, taking her from Picasso's archives in Paris to a secret room in a farmhouse in Auvergne to Long Island to Auschwitz. Freeman pieces together the puzzle of her family's past, discovering more about the lives of her grandmother and her three brothers, Jacques, Henri, and Alex. Their stories sometimes typical, sometimes astonishing—reveal the broad range of experiences of Eastern European Jews during the Holocaust. This "frightening, inspiring, and cautionary" (Kirkus Reviews) family saga is filled with extraordinary twists, vivid characters, and famous cameos, illuminating the Jewish and immigrant experience in the World War II era. Reviewers have asked: "is there a better book about being Jewish?" (The Daily Telegraph) Addressing themes of assimilation, identity, and home, *House of Glass* is "a triumph" (The Bookseller) and a powerful story about the past that echoes issues that remain relevant today. In the poignant novel *Twilight Years*, four women friends are scattered around the world, living adventurous lives as they enter their senior years, and are forever bonded by the friendship they built during a previous vacation to Lake Como in Italy. Fifty-something Elsa Martos lives alone in Toronto but loves to travel with Lili, her wealthy Australian friend. Lili is married to Michael, a corporate lawyer who is emotionally scarred from a bitter divorce, but has somehow managed to embrace Lili's fierce independence and promiscuous past. Margaret is nearly sixty, loves her teaching position at the university, and is happy in Budapest. Widower and London resident Edith, has a knack for complaining and an unfulfilled dream of becoming a well-known artist. Margaret invites Elsa to visit Budapest and Lili and Edith eventually follow. As the four women meet up again and share their life stories, tragedy strikes one of them and brings the friends closer than ever. In this story of friendship that stretches across continents and seas, Elsa, Lili, Edith, and Margaret support each other through difficulties, love, and loneliness, ultimately realizing that to attain serene happiness, life must be lived fully, no matter what your age. Paris. The name alone conjures images of chestnut-lined boulevards, sidewalk cafés, breathtaking façades around every corner—in short, an exquisite romanticism that has captured the American imagination for as long as there have been Americans. In 1995, Adam Gopnik, his wife, and their infant son left the familiar comforts and hassles of New York City for the urbane glamour of the City of Light. Gopnik is a longtime New Yorker writer, and the magazine has sent its writers to Paris for decades--but his was above all a personal pilgrimage to the place that had for so long been the undisputed capital of everything cultural and beautiful. It was also the opportunity to raise a child who would know what it was to romp in the Luxembourg Gardens, to enjoy a croque monsieur in a Left Bank café--a child (and perhaps a father, too) who would have a grasp of that Parisian sense of style we Americans find so elusive. So, in the grand tradition of the American abroad, Gopnik walked the paths of the Tuileries, enjoyed philosophical discussions at his local bistro, wrote as violet twilight fell on the arrondissements. Of course, as readers of Gopnik's beloved and award-winning "Paris Journals" in *The New Yorker* know, there was also the matter of raising a child and carrying on with day-to-day, not-so-fabled life. Evenings with French intellectuals preceded middle-of-the-night baby feedings; afternoons were filled with trips to the Musée d'Orsay and pinball games; weekday leftovers were eaten while three-star chefs debated a "culinary crisis." As Gopnik describes in this funny and tender book, the dual processes of navigating a foreign city and becoming a parent are not completely dissimilar journeys--both hold new routines, new languages, a new set of rules by which everyday life is lived. With singular wit and insight, Gopnik weaves the magical with the mundane in a wholly delightful, often hilarious look at what it was to be an American family man in Paris at the end of the twentieth century. "We went to Paris for a sentimental reeducation-I did anyway-even though the sentiments we were instructed in were not the ones we were expecting to learn, which I believe is why they call it an education." *The Rough Guide to Paris* is the ultimate insider's guide to Europe's most elegant and romantic city. Inspirational photography, neighborhood-by-neighborhood accounts, and detailed, full-colour maps help you get the most out of a visit to Paris, whether that means the Eiffel Tower and a boat trip on the Seine, or visits to offbeat art galleries and hidden-away gardens. Frank, incisive reviews take you straight to the best of the city's cafés, restaurants and nightlife venues, from the ultra-stylish to the magnificently traditional, and tell-it-like-it-is listings help you find the right accommodation for your budget, whether that's a boutique design hotel on the Left Bank, a grand classic on the Right, or just a perfect budget hideaway. *The Rough Guide to Paris* is the perfect companion for a city break or a longer stay. Now available in ePub format. When *Paris Sizzled* vividly portrays the City of Light during the fabulous 1920s, *les Années folles*, when Parisians emerged from the horrors of war to find that a new world greeted them—one that reverberated with the hard metallic clang of the assembly line, the roar of automobiles, and the beat of jazz. Mary McAuliffe traces a decade that saw seismic change on almost every front, from art and architecture to music, literature, fashion, entertainment, transportation, and, most notably, behavior. The epicenter of all this creativity, as well as of the era's good times, was Montparnasse, where impoverished artists and writers found colleagues and cafés, and tourists discovered the Paris of their dreams. Major figures on the Paris scene—such as Gertrude Stein, Jean Cocteau, Picasso, Stravinsky, Diaghilev, and Proust—continued to hold sway, while others now came to prominence—including Ernest Hemingway, Coco Chanel, Cole Porter, and Josephine Baker, as well as André Citroën, Le Corbusier, Man Ray, Sylvia Beach, James Joyce, and the irrepressible Kiki of Montparnasse. Paris of the 1920s unquestionably sizzled. Yet rather than being a decade of unmitigated bliss, *les Années folles* also saw an undercurrent of despair as well as the rise of ruthless organizations of the extreme right, aimed at annihilating whatever threatened tradition and order—a struggle that would escalate in the years ahead. Through rich illustrations and evocative narrative, Mary McAuliffe brings this vibrant era to life. Wisner tells the story of that madcap period when writers and painters, musicians and dancers, the new and the old rich, the exiles from Communist Russia and Prohibition America all converged at a unique moment in history upon an exciting and irreverent city. 74 illustrations. A humiliating military defeat by Bismarck's Germany, a brutal siege, and a bloody uprising—Paris in 1871 was a shambles, and the question loomed, "Could this extraordinary city even survive?" With the addition of an evocative new preface, Mary McAuliffe takes the reader back to these perilous years following the abrupt collapse of the Second Empire and France's uncertain venture into the Third Republic. By 1900, Paris had recovered and the Belle Epoque was in full flower, but the decades between were difficult, marked by struggles between republicans and monarchists, the Republic and the Church, and an ongoing economic malaise, darkened by a rising tide of virulent anti-Semitism. Yet these same years also witnessed an extraordinary blossoming in art, literature, poetry, and music, with the Parisian cultural scene dramatically upended by revolutionaries such as Monet, Zola, Rodin, and Debussy, even while Gustave Eiffel was challenging architectural tradition with his iconic tower. Through the eyes of these pioneers and others, including Sarah Bernhardt, Georges Clemenceau, Marie Curie, and César Ritz, we witness their struggles with the forces of tradition during the final years of a century hurtling towards its close. Through rich illustrations and vivid narrative, McAuliffe brings this vibrant and seminal era to life. Describes the visionary works and discoveries of the intellectuals and artists who lived in Paris at the beginning of the twentieth century, against a background of struggles between the Church and state, widespread poverty, and the approaching Great War.
